

INDEX I: C PROGRAMMING

| SL. No. | CONTENTS | Page. No |
|---------|---|----------|
| 1 | Simple program using formatted I/O. | 2 |
| 2 | Reverse of a number using typedef. | 6 |
| 3 | Find grade of a student using else if ladder. | 8 |
| 4 | Find roman letters corresponding number using switch | 11 |
| 5 | Find Armstrong numbers within a range using while loop. | 14 |
| 6 | Sum of natural number using do while loop. | 16 |
| 7 | Multiplication table using for loop. | 18 |
| 8 | Implementing the break and continue statement. | 20 |
| 9 | Average of n numbers using goto statement. | 22 |
| 10 | Simple function using pass by value. | 24 |
| 11 | Simple function using pass by reference. | 26 |
| 12 | Find Fibonacci series by using recursive function. | 28 |
| 13 | Find sum of elements in an array. | 30 |
| 14 | Maximum and minimum value in an array. | 32 |
| 15 | Linear search using function. | 35 |
| 16 | Selection sort using function. | 38 |
| 17 | Bubble sort using function. | 41 |
| 18 | Matrix multiplication using function. | 44 |
| 19 | Program to find trace of a matrix. | 49 |
| 20 | Implementing string operations. | 53 |
| 21 | Implement simple pointer. | 56 |
| 22 | Sort list of names using array of pointer. | 58 |
| 23 | Implementation of pointer to pointer. | 60 |
| 24 | Implementation of enumerated types. | 62 |
| 25 | Implementation of bitfields. | 64 |
| 26 | Employee details using structure. | 67 |
| 27 | Implementing union. | 76 |
| 28 | Telephone directory. | 79 |
| 29 | Program to update a record in a file. | 96 |
| 30 | Command line arguments. | 100 |

INDEX II: DBMS using PostgreSQL

| SL. No. | CONTENTS | Page No. |
|---------|--------------------------------|----------|
| 1 | DDL AND DML COMMANDS | 104 |
| 2 | INTEGRITY CONSTRAINTS | 107 |
| 3 | AGGREGATE FUNCTIONS | 111 |
| 4 | SET OPERATIONS | 117 |
| 5 | VIEW | 121 |
| 6 | FUNCTION | 126 |
| 7 | TRIGGER | 130 |
| 8 | MATHEMATICAL FUNCTIONS | 133 |
| 9 | CHARACTER STRING FUNCTIONS | 139 |
| 10 | TRANSACTION | 143 |
| 11 | CURSOR | 145 |
| 12 | INDEX | 150 |
| 13 | ORDER PROCESSING DATABASE | 151 |
| 14 | EMPLOYEE- DEPARTMENT RELATION | 159 |
| 15 | INSTRUCTOR-DEPARTMENT RELATION | 163 |
| 16 | INSURANCE DATABASE | 168 |
| 17 | BANKING ENTERPRISE | 175 |
| 18 | STUDENT ENROLLMENT | 183 |

INDEX III: Linux Operating System.

| SL.No. | CONTENTS | Page No. |
|---------------|--|-----------------|
| 1 | Linux Commands | 190 |
| 2 | Shell programming | |
| | 1. Find factorial of a number. | 216 |
| | 2. Find the fibnacci series of anumber. | 218 |
| | 3. Find reverse of a number. | 220 |
| | 4. To check largest among three numbers. | 222 |
| | 5. Find even and odd number. | 224 |
| | 6. Swapping two numbers. | 226 |
